

AV Rider / Thimon de Jong (WHETSTON)

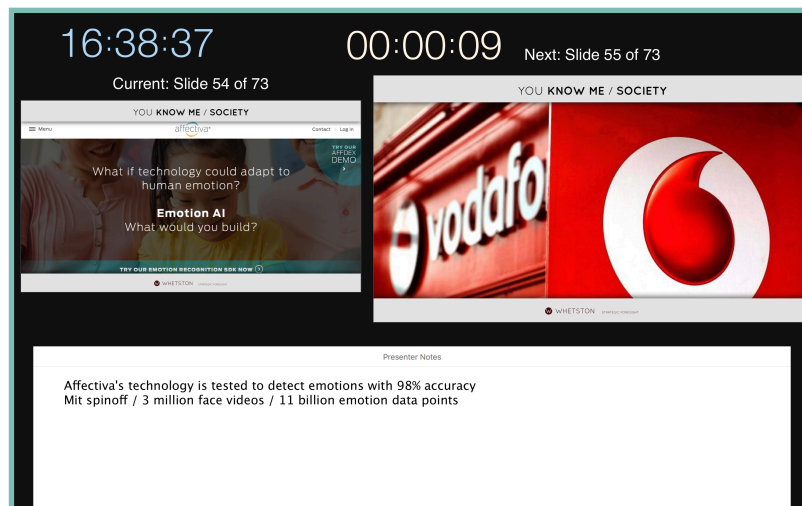

Two options for the AV setup:

A (preferred option)

- Speaker will be using his own, personal laptop
- Speaker's laptop will be located somewhere on the stage.
- Speaker laptop has an **HDMI port**.
- Speaker's laptop is a 2022 Apple MacBook Pro with Keynote software.
- Presentation is in 16X9 format.
- Speaker will be using his own wireless remote & advance his own slides.
- AC power must be within 2 meters of speaker's laptop.
- Yes, Speaker does require an **audio** connection (3.5mm jack).

B (only if option A is technically not possible)

- Speaker delivers .key file (keynote) in advance of event to AV team.
- Comfort monitor is set-up to show the current AND the next slide, like this:

Speaker is more than willing to work with your team on a tech/sound check.

Preferred microphone: head-set
